

Application to join an *fib* commission or task group

Membership in one of *fib*'s working bodies is subject to the agreement of the chairperson/convener of the group and the approval of the *fib* Technical Council. The appointment conditions are listed in detail in a document, which can be obtained from the secretariat ("Membership in *fib* commissions and task groups: Conditions of appointment"). As a rule, participants are required to be actively involved in the work of the group.

Involvement in commission work requires membership in *fib*: all commission members must be either an individual or a corporate member of *fib* (see <http://www.fib-international.org/membership> for membership fees and conditions).

To apply for membership in one of *fib*'s working bodies, please provide the information requested below, and submit it to the *fib* secretariat, along with the following additional documents:
