

Subject to priorities defined by the Technical Council and the Presidium, the results of *fib*'s work in Commissions and Task Groups are published in a continuously numbered series of technical publications called 'Bulletins'. The following categories are used:

category	minimum approval procedure required prior to publication
Technical Report	approved by a Task Group and the Chairpersons of the Commission
State-of-Art Report	approved by a Commission
Manual, Guide (to good practice) or Recommendation	approved by the Technical Council of <i>fib</i>
Model Code	approved by the General Assembly of <i>fib</i>

Any publication not having met the above requirements will be clearly identified as preliminary draft.

This Bulletin N° 57 is a collection of individual contributions to a workshop. Their content is believed to be of general interest to *fib* members and especially helpful in the finalization of the new Model Code; therefore the *fib* Presidium decided to publish these contributions as a Technical Report in *fib*'s series of Bulletins.

On behalf of Task Group 4.2 (convener: V. Sigrüst, TU Hamburg-Harburg, Germany) and Commission 4 (chair: S. Foster, Univ. of New South Wales, Australia), the workshop was organized and the papers edited by F. Minelli and G. Plizzari (Univ. of Brescia, Italy).

Further contributors to the workshop:

G.L. Balázs (Budapest Univ. of Technology and Economics, Hungary), P. Bamonte (Politecnico Milano, Italy), B. Belletti (Univ. of Parma, Italy), E. Bentz (Univ. of Toronto, Canada), M.-Y. Cheng (National Taiwan Univ. of Science and Technology), M. P. Collins (Univ. of Toronto, Canada), C. Damoni (Delft Univ. of Technology, The Netherlands), M. di Prisco (Politecnico di Milano, Italy), H. H. Dinh (Moffatt and Nichol, USA), R. Felicetti (Politecnico Milano, Italy), M. Fernández Ruiz (EPF Lausanne, Switzerland), P. G. Gambarova (Politecnico Milano, Italy), E. Giuriani (Univ. di Brescia, Italy), B. Hackbarth (TU Hamburg-Harburg, Germany), M. Hendriks (Delft Univ. of Technology, The Netherlands), K.S. Kim (Univ. of Seoul, S. Korea), D. Kuchma (Univ. of Illinois, USA), A. Muttoni (EPF Lausanne, Switzerland), T. Nagle (Nagle Signs Inc., USA), G. J. Parra Montesinos (Univ. of Michigan, USA), J. Rots (Delft Univ. of Technology, The Netherlands), S. Sun (Parsons, USA), J. Susetyo (Hatch Mott McDonald Ltd, Canada), L. Vandewalle (Katholieke Univ. Leuven, Belgium), F. J. Vecchio (Univ. of Toronto, Canada), J. Walraven (Delft Univ. of Technology, The Netherlands), J. K. Wight (Univ. of Michigan, USA)
