

Subject to priorities defined by the technical council and the presidium, the results of the *fib*'s work in commissions and task groups are published in a continuously numbered series of technical publications called 'bulletins'. The following categories are used:

category	minimum approval procedure required prior to publication
Technical report	approved by a task group and the chairpersons of the commission
State-of-the-art report	approved by a commission
Manual, Guide (to good practice) or Recommendation	approved by the technical council
Model code	approved by the general assembly

Any publication not having met the above requirements will be clearly identified as preliminary draft.
This Bulletin N° 74 was approved as an *fib* Manual - textbook by the technical council in Mumbai on 8 February 2014.

This report was drafted by Task Group 6.12: *fib Design Handbook*, within *fib* Commission 6: *Prefabrication*:
