

Approval for this bulletin

Subject to priorities defined by the Technical Council and the Presidium, the results of the *fib*'s work in commissions and task groups are published in a continuously numbered series of technical publications called *bulletins*. The following categories are used:

Category:	Approval by:
Technical report	Task group and chairpersons of the commission
State-of-the-art report	Commission
Manual/Guide to good practice/Recommendation	Technical Council
Model code	General Assembly

Any publication not having met the above requirements will be clearly identified as a preliminary draft.

fib Bulletin 83 was approved as a state-of-the-art report by Commission I and was drafted by Working Party 1.4.1, Tunnels in fibre-reinforced concrete, in Commission I, Structures.
