

Approval for this bulletin

Subject to priorities defined by the Technical Council and the Presidium, the results of the *fib*'s work in commissions and task groups are published in a continuously numbered series of technical publications called *bulletins*. The following categories are used:

Category:

Technical report
State-of-the-art report
Manual / Guide to good practice / Recommendation
Model Code

Approval by:

Task group and chairpersons of the commission
Commission
Technical Council
General Assembly

Any publication not having met the above requirements will be clearly identified as a preliminary draft.

fib Bulletin 85 was approved as a technical report by Commission 2 Analysis & Design and was drafted by Working Party 2.2.1, Shear in Beams, in Commission 2, Analysis & Design.

This Bulletin was edited by Ozzie Bayrak, Miguel Fernández Ruiz, Walter Kaufmann and Aurelio Muttoni.
