

## Corrigendum 1

### ***fib* Bulletin 53: Structural Concrete Textbook on behaviour, design and performance, Second edition Volume 3: Design of durable concrete structures**

Please note the following corrections to the text of Bulletin 53, “Structural Concrete Textbook, volume 3”:

*Page 180, Figure 5.8-2:*

Replace the figure caption with the following text:

*Fig. 5.8-2: Predicted chloride profiles for a C30 Portland cement concrete assuming a diffusion coefficient ( $D$ ) after 1 year of  $10^{-11}$  m<sup>2</sup>/s and  $n = -0.26$  [from Quillin BRE Report 434 (2001)].*

*Page 181, Figure 5.8-3:*

Replace the figure caption with the following text:

*Fig. 5.8-3: Predicted chloride profiles for a C30 15%pfa concrete assuming a diffusion ( $D$ ) coefficient after 1 year of  $4 \times 10^{-12}$  m<sup>2</sup>/s and  $n = -0.7$  [from Quillin BRE Report 434 (2001)].*
