## About The Institution of Engineers (India)

The Institution of Engineers (India) is the largest multi-disciplinary professional body of engineers with 15 engineering disciplines and over 2,00,000 Corporate Members in India and abroad. The Institution was established in 1920 and was incorporated by Royal Charter in 1935. In order to provide special attention to some of the important national issues, in addition to engineering disciplines, it has established special vehicles of focus. Engineering Staff College of India (ESCI), National Design & Research Forum (NDRF), Rural Development Forum (RDF), Safety & Quality Forum (SQF), Sustainable Development Forum (SDF), Water Management Forum (WMF) and National Skill Development Forum (NSDF) are such focused initiatives. The Institution is a widely admired name in international arena in the field of engineering and technology being a member of World Federation of Engineering Organizations (WFEO), Federation of Engineering Institutions of South & Central Asia (FEISCA), Federation of Engineering Institutions of Asia and Pacific (FEIAP) and International Engineers Alliance (IEA). With its large international linkages and a network of 125 Centres in India and 6 Overseas Chapters, the Institution has built up wide reach and large infrastructure to meet its objectives of promoting engineering in all aspects. IEI is authorized to operate Indian Section of the International Professional Engineers (IntPE) Register under International Professional Engineers Agreement (IPEA). All eligible Indian engineers can now apply for International Professional Engineers (IntPE) Certification through IEI only.

## Preamble

The IEI Industry Excellence Award has been instituted to recognize engineering industry leaders for their innovation, excellence in engineering operations and services and their capacity to sustain excellence in a competitive manner. The bench-marks created by the industries in India have included productivity, quality, safety and performance assurance which would give India the rightful place in the global markets.

## What do you gain by applying for the Award ?

The proforma, having self-assessment procedure, will give the applicant organisation an opportunity to identify its strength & weakness and its standing through the process of applying for this Award. The proforma is based on international standards and is prepared by experts for assessment of performance of the applicant industries.

## Modalities for the Award

The Award is 'application based' and every engineering industry working in the country is welcome to participate. Awards will be given to industry/industries selected on the basis of assessment report of the Committee and the recommendations of the Committee which is the final decision making body.

## What will IEI look for?

IEI will look for the procedures being followed by the industry and their bench marking. The Committee will look into innovative approaches that the industry has been involved in and the progressive improvement in performance of the industry. The Committee will be interested in finding out the thrust of the corporate governance and corporate social responsibility strategies, improving competitiveness for the greater benefit of the society and the country.

## Assessment Process

The assessment of the applications will be carried out by the Industry Excellence Award Committee, IEI in two levels.

- The first level of assessment would be carried out based on the weightage of different data supplied in the application proforma.
- Based on the shortlisted applications, the second and final level assessment by the Committee will lead to the selection of the Awardees.

The decision of the Committee, which shall be final and binding, would be communicated to the selected Award winners.
